## Модульна контрольна робота №4

### 1 Read the text and underline the correct answer, a), b) or c).

Hi Annie

Thanks so much for your newsy email – I'm glad you're enjoying your new job. How did you get on looking for new accommodation? Did you decide to find something on your own or are you sharing?

I guess it must be quite expensive if you want to be in town so you might not have much choice.

Quite a lot has happened here as well since I last wrote. I finally moved last month. You know I'd been looking to move out of the city centre, well,

I found a lovely little house halfway between where I had been living and the coast. It's on the edge of the village so it's really peaceful, especially at night. And dark too, as there are no streetlights, so you can see the stars, which is amazing! I'm still getting used to being here but that's because I've always been a city girl. Everyone has been very friendly though. You know, before I moved everyone was saying that I was crazy because villagers tend to keep themselves to themselves and don't welcome outsiders, but I can't tell you how kind everyone has been. Of course I was the hot topic of conversation for the first week or so but I guess that's to be expected in a small community. Both sets of next-door neighbours are friendly, but not too friendly, if you know what I mean.

The hardest thing for me to adjust to has been the change of pace in life here – I've found it difficult to slow down but I've learned to love it. You know what it's like in the city – everyone's in a rush all the time and it's hard not to join in somehow. Here, however, everything is much slower. It usually takes me an hour or so just to go to the post office by the time I've stopped a few times to chat to people!

Things are going well on the work front too. I wasn't sure how things would work out, but my boss was happy to let me work from home, so that's what I'm doing at the moment. I still have to go into the office once a week for meetings but I find I get far more done at home than in the office, as I'm not constantly being disturbed.

It's early days yet I know, but I really do feel very happy and settled here. I hope you can get some time off soon to come and visit, as I know you'll love it too and it will do you good. You can give me some tips on what to do with my huge garden!

Let me know how you're getting on, and send me some photos if you get the chance. I want to see what your new haircut looks like!

Love
